THE BUSINESS OF PAIN PRESENTS:

THE NEXT BIG THING

Where Pain Medicine, Science and Business Intersect

October 23-26, 2025

The Business of Pain presents: The Next Big Thing is a conference that offers a dynamic exhibit hall for entities interested in networking with the interventional pain management community. This annual conference brings together clinicians and industry partners from across the nation, who are involved in the business of pain medicine. The conference covers timely and relevant issues and challenges in the pain medicine business arena that are of importance to this audience.

The Next Big Thing conference attendees will include members of the interventional pain management community, which includes clinical providers (physicians, mid-level practitioners, fellows, and nurses), administrators (CEO's, operations management, practice managers, and billing personnel) as well as industry partners.

The attendees will represent a range of professional levels and are seen as influential partners and decision-makers in their practices.

Join more than 30 organizations participating in various exhibit hall breaks and planned events for attendees.
